

## **FOX STUDIOS BAJA**

### **PROJECTION AND SCREENING FACILITIES**

Fox Studios Baja has two screening rooms. A combination screening room / meeting room has a booth with two single-channel Simplex projectors. Each projector runs forward and reverses at high speed with optical or magnetic sound track. Picture aspect ratios are: Scope or Cinemascope, 185:1 and Super 35. The screen has a 7-1/2 x 19' picture area and there are remote controls for the projectors and audio. A second screening room / theater has two additional single channel simplex projectors (same spec. no remote control), and 1 digital video projector with reproduction capabilities for computer graphics, DVD , Mini DV , 3/4, SVHS & SVHS Pal The screen has a 29' x 11.7' picture area. The theater seats 150 people.
