RETURNING VIA SAN YSIDRO

There is almost always a wait at the border heading north into the U.S. Saturday and Sunday nights are usually very crowded. Early Sunday mornings is the best time to cross back into the U.S. on weekends. The phone number to call to check on the *wait time* is: 01152 (664) 700 7000 (MEX) or 619 690 8999 (US).

Upon leaving Mexico, a U.S. Customs officer will most likely ask you your nationality, what you have to declare, what you have in your car or van, and your purpose for having been in Mexico. Occasionally, you will be asked to show your I.D. (passport, drivers license or work permit is preferable), asked who owns the vehicle you are driving or asked to open your trunk or back door for a spot-inspection. You may also be asked to pull over into a secondary inspection area.
