

# FOX STUDIOS BAJA

## SHIPPERS

If you plan to bring equipment, props and set dressing, wardrobe, materials and supplies from Los Angeles and San Diego, it stands to reason that your primary shipper might be your own Transportation Department. Your broker can also provide the services of his in-house trucks and drivers. The broker's vehicles are registered to operate in both sides US & Mexico and can make pickups in Los Angeles California or at the studio.

Recommended Shippers:

**Production Assist. Int'l** (310) 412-2306

8649 Avenida de la Fuente (619) 661 1988  
San Diego, Ca. 92154

These companies can easily deliver shipments to the border; and given notice, can lineup vehicles with the correct permits or Mexican vehicles and drivers, so they can deliver directly to the studio. (Not all U.S. carriers will allow their vehicles into Mexico.)
